

### **Announcing Online Self-Scheduling & S.I.I.I.C. Visit Changes**

In response to student feedback, the Health Service is changing how students can access our services. Beginning on December 11th, students will be able to self-schedule appointments online through the [Student Wellness Portal](#).

- S.I.I.I.C. (Sudden Illness, Injury, or Incident Clinic) visits will now be scheduled throughout the day Monday-Friday to give students flexibility and reduced wait times. S.I.I.I.C visit appointments for the following day open up at 4:45 pm the day prior.
- Schedule a regular appointment for some routine visits like gynecological exams, certain immunizations, TB testing, and more.

If you have an urgent concern, please call to speak with a nurse at (781) 283-2810 during business hours (8:30 am - 4:30 pm). We are always happy to answer any questions you have.

### **Outside Labs**

Due to changes in staffing and structure and on a temporary basis the Health Service will not accommodate requests from outside health care providers for laboratory services. Labs ordered by Health Service clinicians will still be processed. A list of local laboratory providers is available on our [website](#).

### **Comings and Goings**

This semester we say thank you and farewell to several clinicians and staff members -

- Tanya Sullivan, FNP-BC, Interim Director of Health Service (9 years)
- Ifeoma Obiora, ANP, Per Diem Nurse Practitioner (1 year)
- Carole Meikle, Laboratory Technologist (10 years)

We look forward to welcoming new faces next semester.

### **Take a Break**

As always, please look at the wide variety of offerings for joy, relaxation, and connection during Reading Period & Finals at [www.wellesley.edu/takeabreak](http://www.wellesley.edu/takeabreak).
