

Supporting Caregivers During COVID-19

In this guide, we have provided links to webinars, resources and articles to help support you.

Taking Care of Yourself

Webinars

Raising Resilient Kids Right Now

As parents, our number one priority is our kids. In these uncertain times, it's hard to manage our own stress — and it's even harder to help our children because we don't have all the answers. What we can do is strengthen our resilience — and help our kids do the same. (Log into meQ)

How to Get Through Just About Anything: Our mental health affects everything from how we feel physically to how we show up as a partner, parent, friend, or coworker — especially when life throws the tough stuff at us. (Log into meQ)

Eat Well, Sleep More, Get Moving (Log into meQ)

Resources

The Whole You Incentive Program: For support and inspiration as you take care of your physical, emotional and financial wellbeing as well as support your professional development and engagement goals.
